## **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: Applicant's amendment to the claims to pertain only to Alzheimer's disease overcome the 35 U.S.C. 112 rejection and the cancellation of claims 95-104 over comes the judicially created doctrine of obviousness-type double patenting in view of claims 12 and 13 of U.S. Patent number 6,737,420.

Accordingly, the claims are allowable over the cited prior because the prior art does not teach, disclose nor make obvious the claimed method for treating Alzheimer's disease comprising administering to a patient an effective therapeutic amount of a compound of the formula (XII).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
